## WILSON INDORSES MEMORIAL PLAN

Gives Hearty Approval to Project for Three-Million-Dollar Building.

The plan of the George Washington Memorial Association to erect a \$3,000,000 building here on the site of the old Pennsylvania railway station as a monument to the memory of Washington today received the hearty endorsement of President Wilson.

The President sent to Mrs. Henry F. Dimock, of this city, president of the George Washington Memorial Association, the following letter:

Copy of Letter.

My Dear Mrs. Dimock—I am very much interested in the plans for the George Washington Memorial building, and hope most sincerely that they will prosper and the memorial be finally built. It is entirely to be desired.

Cordially and sincerely yours,

WOODROW WILSON.

Usually the President refuses such endorsements on the ground that, if he lends his support to one such project, he will be expected to render similar service to all other plans of like nature. His breaking the rule in this case is the highest indication possible of the interest taken in the Washington Memorial by all officials.
